(54) Title: A FIN ASSEMBLY

(57) Abstract: An integrally formed fibreglass fin assembly (1) including a base (2) - that is defined by broken lines (3,4) - for mounting the assembly to an object in the form of a surfboard (5). A primary fin (6) extends upwardly from base (2) - in that it extends upwardly from line (3) - and has a compound arcuate leading primary edge (7) and a compound arcuate trailing primary edge (8). A secondary fin (9) extends rearwardly and upwardly from base (2) - in that it extends from line (4) - and has a compound arcuate leading secondary edge (10) and a compound arcuate trailing secondary edge (11).
